**AT WATERMELON FEED MONDAY NIGHT**—Mike Smith, left, and Pat Jenkins are just two of the 45 boys who enjoyed the watermelon feed and play night at Hamlin High School Monday night.

The annual pre-school get-together is for members and future members of Future Farmers of America, Hamlin chapter. The boys also played volleyball.

## B TEAM, FROSH TILTS TONIGHT—

### Pipers Journey To Clyde Friday

The Pied Pipers will travel to Clyde Friday night for their first encounter with an outside opponent. They will scrimmage with Clyde at 7:30, according to Joe Youngblood, Piper coach.

Two scrimmages will be held tonight (Thursday) at Piper Stadium. The B Team, coached by Dan Truelove, will

scrimmage the Loraine varsity at 6:30 and the Freshmen, coached by Earnie Reusch, will play a practice game with the Stamford Frosh at about 8 p.m.

Youngblood told the Lions Club Tuesday that the coaches plan to carry 22 boys to the Clyde scrimmage and the balance will be used in the B Team encounter.

The Freshmen have 23 boys that will take part in their scrimmage tonight.

Youngblood told the Lions that they still have not settled on their starting unit but have about 22 boys that seem to be about equal in ability.

He said that this balance of power and ability has aided the workouts tremendously in that neither the offense nor the defense is able to overpower the other unit.

Following scrimmage Friday night the Pipers will have one week to get ready for their first non-conference game with neighboring Rotan there at 8 p.m.

The B Team will open their season with Colorado City Thursday, Sept. 9, and the Freshmen will open there the same night.

## Booster Club To Meet Monday

The Pied Piper Booster Club will hold its first regular meeting of the new football season Monday night at 7:30 in the high school cafeteria, according to Sam Ferguson, president.

A scouting report on the Rotan Yellowhammers will be given by the Piper coaching staff and a film of the Hamlin-Clyde scrimmage will be shown.

Ferguson urged that all members and prospective members attend this first meeting.

## Tech Student Observing Local Homemaking Dept.

Celeste Craig, senior at Texas Tech, came Monday for two weeks apprentice teaching in the homemaking department of Hamlin High School in preparation for student teaching in November.

She is working with Mrs. Camille Simmons this week as the homemaking girls complete their summer project reports and as Mrs. Simmons and Mrs. John D. Ferguson prepare for the first semester which starts Monday. Next week will be spent observing in the various classes.

The local department was approved by the Texas Education Agency for this phase of Miss Craig's work.

She is the daughter of Mr. and Mrs. Roy M. Craig of Stamford and is president of Texas Home Economics College Chapter Section of American Home Economics Association.

She is staying with her brother, Bob Craig, and family.

## Former Resident, Mrs. Birt G. Deel, Dies In Fort Worth

Mrs. Birt G. Deel, 70, of Fort Worth, a former Hamlin resident, died August 15 in a hospital there after a long illness. Funeral services were held Monday, August 16, in Sweetwater in West Side Baptist Church.

Officiating were Rev. Neal Shephard, pastor, and Rev. Benny King, pastor of Longwood Baptist Church.

Mrs. Deel, the former Jewell Robbins, was a pioneer of Hamlin, moving here with her parents in 1906 at the age of 11. She was valedictorian of the class of 1913 at Hamlin High School and received the White Award, given to highest ranking student. She joined the Baptist church in her youth.

She spent 15 years teaching in schools in Jones, Fisher and Nolan Counties and was employed Leonard's Dept. Store in Fort Worth for nine years.

Survivors include her husband of Fort Worth; one daughter, Mrs. W. J. (La Verne) Bryan of Archer City; three sisters, Mrs. R. L. (Pearl) Pittman of Sweetwater, Mrs. B. R. (Ruby) Neel of Roscoe, Mrs. C. O. (Garnet) Grison of Odessa; three brothers, Shirley Robbins of Burnett, Jay W. of Liberty and Oliver of San Antonio; five grandchildren and six great grandchildren.

## C. M. Woods, 63, Dies At Home Wed.; Rites Today

C. M. Woods, 63, pioneer resident of McCaulley, died at 3 a.m. Wednesday at his home on Route 1.

Services will be held at 10 a.m. Thursday (today) in the McCaulley Baptist Church with Rev. Gary Clark, pastor, and former pastor Rev. Edwin Peoples of Troy officiating.

Born Dec. 29, 1901, in Alabama, he was married to the former Rosa Lee Rauhat at Stephenville Dec. 29, 1944.

He was a farmer and had lived near McCaulley for 61 years.

He was a member of the Baptist Church.

Burial will be in McCaulley Cemetery.

Survivors include one brother, J. W. of McCaulley, one niece and two nephews.

Pallbearers will be Fred Kemp, Frank Kemp, Ernest Webb, Jerry Crowley, N. D. Miers and Virgil Steele.

## Rev. Cecil Stowe Accepts Pastorate Of Dumas Church

Rev. Cecil Stowe, pastor of the Church of the Nazarene for more than five years, has resigned to accept the pastorate of the church in Dumas.

Rev. Stowe came to Hamlin from Post and has pastored churches in the Abilene District for 21 years.

His resignation is effective Sept. 5. He expressed his thanks for every consideration on the part of the Hamlin people.

The local church will meet in a called meeting next Sunday morning to vote on a pastor.

## Miniature Golf Tourney Winners

Winners in the Hamlin Jaycee Miniature Golf Tourney held here Monday and Tuesday at the City Park were announced by Joe Ford, chairman.

Winners in the Championship Flight were Jimmy Hastings, first; and Lane Fletcher, second. First flight were Eddie Offield, first and Mike Young, second. Second Flight were Eddie B. Offield, first and Larry Early, second. Third flight were Jimmy Chapman, first and Keith Early, second.

Mr. and Mrs. Seth Adams Jr. and children of Stillwater, Okla., visited his parents, Mr. and Mrs. Seth Adams Sr.

## Woman's Forum To Meet Tuesday

The Hamlin Woman's Forum will meet at Harden Memorial Library Tuesday at 3 p.m.

The program will be presented by the Woman's Literary Club.

**GETTING READY FOR SCHOOL**—Gerald Rodgers, 7, right, and Ricky Craig, 7, check last week's Hamlin Herald for the list of school supplies they will need in the second grade when school opens Monday. Each year the list of supplies

is turned in by the teachers of the first three grades to aid parents in getting the supplies ready for their children. Parents of the boys are Mr. and Mrs. James E. Rodgers and Mr. and Mrs. Bob Craig.

## 264 Register for HHS; School to Open Monday

By noon Wednesday 264 high school students had been registered according to the principal, B. V. Newberry.

Tuesday 252 students who had pre-enrolled in the spring had reported to the school for locker assignment, books and schedules. Of this group, 78 were freshmen, 63 sophomores, 61 juniors and 50 seniors.

Wednesday registrants were

those who had not attended Hamlin schools before.

Scheduling was speeded up this year as the Royal MacBee schedule system was used for the first time. The punched forms enabled the staff to avoid conflicts in scheduling and distribute the students in the various classes more readily and evenly.

Principal Newberry was able to do much of the groundwork for the plan before the students started reporting and therefore is about two weeks ahead of usual in having the classes set up.

He said that the plan will be of greater benefit next year as it will be used in the

spring pre-enrollment. It is designed for use in the planning of the four years of high school and a choice of three graduation plans can be chosen by the student according to his plans after graduation.

Students in Hamlin Junior High started registration Wednesday with the sixth grade. Seventh graders register Thursday (today) and eighth graders, Friday.

Classes will begin at 8:30 a.m. Monday.

Sept. 6 has been designated as a school holiday.

## Letters to Exes To Be Mailed Soon

Letters concerning the ninth annual Homecoming will be mailed between Sept. 1 and Sept. 15 to all former students and teachers of Hamlin Public Schools, according to Mrs. Joe Wayne Carter and Mrs. Hopie Blanton.

Everyone who receives a letter is being urged to read it carefully and return it within the time indicated.

Each recipient is asked to vote for an ex-student nominee when they return their registration of \$1.

## Trap Shool Set Here Sunday

The Hamlin Jaycees will hold a Trap Shoot Sunday afternoon at the Hamlin Airport, according to Dan Truelove, project chairman.

Truelove said that this will be a good opportunity for local dove hunters to get ready for the season that will open Wednesday.

Shooters may bring their own guns and shells or may obtain them at the meet.

There will be a winner in each match with matches for beginners, ladies and open divisions.

## Texas Research League to Study Governmental Units In County

The workings of municipalities, school districts and of Jones County as a whole will be reviewed by a team from the Texas Research League, it was learned this week from County Judge Leon Thurman.

The study is to be made at the request of Gov. John Connally as part of an effort to determine laws under which these governmental units operate.

## Sister-In-Law Dies

Mrs. C. B. Stone received word of the death of her sister-in-law, Mrs. E. C. McWright of Bisbee, N. C., Sunday. Mrs. McWright, a former resident of Hamlin had been ill for over a year.

Survivors include a daughter, Mrs. Darrell Johnson of Iowa Park and a son, Lawrence McWright who is in the Coast Guard. Her husband, Mrs. Stone's brother, died in 1945.

Cadet Jimmy Inzer, first classman at New Mexico Military Institute, Roswell, N. Mex., will leave Sunday to resume studies there this fall.

study will be made in all metropolitan areas of the state. In part, the letter said:

"I am writing to call to your attention the fact that on April 26 I requested the Texas Research League to undertake a study of the service structures of the local governmental units comprising the metropolitan areas of Texas, and of the laws under which they are established and administered." Shortly thereafter the Research League formally accepted this request, and its staff is now in the planning stages of this study.

"Your county, of course, is one of the 34 counties which are included in the Standard Metropolitan Statistical Areas as defined and enumerated by the U. S. Bureau of the Census. Accordingly, your county and the municipalities, school districts and special districts encompassed by it will be included in the scope of the League's study. I request that you cooperate in every way possible with the Research League in making this study, which I consider to be of the utmost importance to the people of Texas."

Copies of the report as made by the League will be made available to the various units of government.

**TAKES TOP HONORS AT FISHER COUNTY FAIR**—Randy George, Hamlin Future Farmer of America member, received top honors in the swine division last Saturday. He won second in junior gilt class, first in senior gilt class and first in junior boar class. His first

place senior gilt, above, a Duroc, was later named grand champion breeding female. His boar was the reserve champion breeding male of the show. Randy feeds under the supervision of T. C. Blankinship and Milburn Wink, local vocational agriculture teachers.

### Clayton Urges Soil Tests be Run Now

Farmers who anticipate fertilizing small grains should have a soil test run now, says Kirby Clayton, Jones County Farm Agent. Fertilizers which have been put under the ground at planting time have generally paid more per dollar invested, says Clayton, than those used as a top dress in February.

A soil test will save you money, says Clayton, and will keep down the amount of risk involved in the application of fertilizer. Records kept in Jones County indicate that fertilizers which were incorporated into the soil at or just before planting time gave a greater return than those used as a top dress.

Office and may be had for the asking, says Clayton.

Mrs. Camille Simmons, Gloria and Judy Jenkins, and Mrs. Simmons' niece, Judy Smyers of Dallas, spent a two week vacation in Mexico City the first part of August. They went by train to Mexico City.

Mrs. L. E. Prewitt has been hired by Rotan Public Schools and will teach science in high school this year.

# YEARS AGO--

## FIFTY YEARS AGO

In response to the request of the citizens of Rotan and Hamlin the M. K. and T. will begin running the train that now stops at Stamford on Rotan, on Sept. 1.

This country was visited Monday night by a fine rain, coming from the northwest and the north.

The regular monthly meeting of the City Council took place Friday night. One of the things done was the repealing of the Ordinance that required all persons to unhitch their teams when stopped on the streets.

J. H. Smith, who brought in the first bale of cotton this season, received \$16.50 as a premium for his success.

No one has a right to allow their hog pens to become a nuisance for themselves or their neighbors. There is an ordinance to prevent this and will be enforced.

## TWENTY FIVE YEARS AGO

J. D. Burk, Safeway Store manager for several years, resigns. Pat Marlow named manager.

The Woman's Missionary Society of the Methodist Church has received a new title, Woman's Society of Christian Service.

## FIFTEEN YEARS AGO

Principal oil play for Jones County continues to center around the area of the Amerson and Whaley properties east of Hamlin.

Mr. and Mrs. Holly Toler, Suzanne and Holly Pardue have returned from a vacation trip to Creed Colo. and Terro, N. Mex. They were accompanied by Mr. and Mrs. Art Carmichael and Stephen.

The Ladies Bible Class of the Hamlin Church of Christ were entertained at a luncheon at the home of Mrs. Harold Bonner. About 25 were present at the Tuesday entertainment.

Bert C. May, who has been employed by the Atchison, Topeka and Santa Fe System, as a section foreman received an award for Faithful Service and Merit Award. He is now retired from the system.

## TEN YEARS AGO

C. F. Cook is moving this weekend to assume his position as school head to succeed I. R. Hutchinson, who is moving to Kerrville. Cook has been superintendent of Spur Schools for 12 years and prior to that was at Peacock for 15 years.

Debra O'Neal of Lubbock is a guest for two weeks of her grandparents, Mr. and Mrs. John O'Neal.

Bob Nunley, former assistant principal of Hamlin High School and teacher in the local schools for three years, was last week elected superintendent of schools at Spur to replace Foster Cook, who was named superintendent at Hamlin.

Special open house at telephone office demonstrating intricate operations ends tonight.

## FIVE YEARS AGO

Mayor John V. Howard Jr. makes the first long distance call to be made on the new dial telephone system completed here this weekend. He called his sister, Mrs. W. E. Fields, in Lancaster, Calif.

A. J. Dipple brings in first cotton bale.

School starts Monday, 216 pre-registered in high school. Cecilia Albritton and Joe Donald Cowan united in marriage Saturday evening in First Baptist Church.

Oscar DePriest enrollment hit 187, more expected.

Ann Richey vies for West Texas Fair Sweetheart crown.

By Mrs. Elmer Joiner  
No weather news this week, just a few showers, not so hot, but the little showers are helping the cotton to hold up and fruit up. Right now it is just a guess if the cotton will or won't, a good soaking rain could do wonders, but will we get it in time? That is always the question.

The nominating committee met last Tuesday night to nominate the new officers for the church, this coming year. Saying new officers is almost a joke, for with our small membership every one has an office, and there isn't much changing, we just have to go through the formality each year.

Being gone from home over the weekend I failed to get much news, but Mrs. Henry was kind enough to send her and they really had lots of company. Monday of last week their son, Mr. and Mrs. W. C. Henry and Jo, came from Elgin, for a few days. They were accompanied by their daughter, Mrs. Mack Sansings, Kathy and Lorrie, from Higgins. Friday night Mr. and Mrs. Warren Henry accompanied by Mr. Mary Sue Henry, of Rule, were visitors. Saturday night visitors were Mr. Henry's sister, Mr. and Mrs. H. L. Matheny, from Andrews, Mrs. Mary Sue Henry, Rule, and her daughter, Ann Henry, of Lubbock, Saturday, Mr. and Mrs. Clois Henry and family, came from San Angelo and spent the day. Sunday night Mr. and Mrs. Henry came to church, tired but very happy.

Mrs. Woodrow Goodwin and Linda, Mrs. Elmer Joiner went to Carlsbad New Mexico, Saturday and returned Monday, visiting with their sister, Mr. and Mrs. Elmer Smith and brother, Mr. and Mrs. Tom Dixon, all of that city. Had a nice trip, except tire trouble on the way out, and if you have never seen three women folk trying to manipulate a bumper jack you have missed something. Since it was only the rubber coming off, not flat, we managed to limp into town some twenty miles or more, and had it changed, taking some lessons in working the jack also, but didn't have occasion to use it again.

Mr. and Mrs. Winslow Gray and Woodrow Goodwin, were Sunday night guests of the Flavil Holmes, after church services.

Mr. and Mrs. Roy Taylor, of Muleshoe, were Monday afternoon visitors of the Elmer Joiners, enroute to their cabin

at Brockenridge, for a few days. Mrs. Taylor is convalescing from a heart attack, which she suffered on Mother's Day while at the cabin. They also reported the water being over a man's head in the creek, behind their cabin, which is built south of the highway, but is still not high enough to float the boat dock. Maybe with next spring's rains the lake will fill up, making it such a nice place for these that had the optimism to back off in a pasture, on a creek, and build cabins, long before there was any water in sight. By the way, we were given a key to the Taylor's cabin, so it is almost like having one yourself.

It was reported over the Abilene news yesterday, that Mr. Jonathan Wilson had collapsed, while at work waxing a floor at McMurry, and in falling had cut a gash in his head. No further word has been received but the six o'clock news reported his condition not to be serious. Mr. Wilson and his late wife were former residents of our community.

Mr. Fuqua, Mrs. H. L. Ford's father, has been visiting and was in church with them Sunday.

Mrs. Willard Maberry, music teacher for the first eight grades, took an advanced course in choral conducting at Abilene Christian College this summer. The course was under the direction of Mr. Richard Fulton, director of the A Cappella choir at A. C. C.

## Bids Let on Two County FM Roads

Four bids were received by the Texas Highway Department in Austin on August 18, 1965 for 11.7 miles of construction work on two projects in Jones County. M. E. Ruby, Jr., Inc., of Austin, Texas was the low bidder with \$202,326.34.

The construction work will consist of grading, structures, base and surfacing. The project on F. M. Highway 2746 is 3.6 miles in length and begins at the intersection of F. M. 126, approximately sixty miles south of Hamlin and extends north-east to the present pavement of F. M. 2746, approximately twelve miles south west of Anson.

The project on F. M. Highway 2834 is 8.1 miles in length and begins at F. M. 1661, approximately two miles north of Tuxedo and extends to U. S. Highway 277 in Stamford.

Work is expected to begin in September and is to be completed in 120 working days, under the supervision of Nelson Shave, Sr. Resident Engineer, of Hamlin.

Only two bridges connect Venice with the mainland of Italy.

## Nosey Neighbor ...

By BARBARA CRAIG  
While going through back issues of the Hamlin Herald, preparing Years Ago for this week, this account from the August 27, 1915 issue caught my eye.

### "GALVESTON SAFE PLACE TO LIVE" — FERGUSON

Houston, Texas, Aug. 19 — Governor Ferguson, who is here to view the flood situation, said: "Galveston has proven that it is the safest place along the coast in which to live, and it is as safe as any city in the country."

"This spring at Austin we lost more lives in a rise in the Colorado River than were lost at Galveston in this storm, yet no one would say that Austin is an unsafe place in which to live."

"The other day at Erie, Pa., more lives were lost in a river overflow than were lost this week in Galveston. The comparison might be extended indefinitely. Any Kansas cyclone kills more people than this terrific storm killed at Galveston, yet no one regards Kansas as a dangerous place in which to live."

"If the people of this country will stop and think for just a moment they will realize that Galveston has proven her safety and the press of the country can do a greater service by calling attention to this fact."

Then Tuesday evening while visiting with our overnight guests, my aunt and uncle, Rev. and Mrs. Charles Tucker, who live in Galveston, they told us of the increased building that was going on there. In fifty years Galveston has indeed proven itself to be as safe as anywhere to live and is also a very popular vacation spot.

We received a card from Carol Joe Simpson Wednesday morning. She writes, "We're having a terrific time — we'll come home financially 'busted.' This place is a beautiful paradise."

Carol Joe, Mrs. Watts Fletcher and Mrs. Earl Herbst left last Friday afternoon for Midland where they boarded a plane for their 10 day trip to Hawaii.

It sounds like they are really enjoying their trip.

The barbecue Saturday night honoring the coaches and members of the Pied Piper football team was termed a huge success. Joe Youngblood, head coach, did a fine job of introducing everyone to the crowd of about 600—that is

he introduced everyone but his own wife, Ruth, and the two boys, Joey, 8, and Richard 6.

Mr. and Mrs. Wayne Hodnett have twin baby calves at their house and Kay and Billy are having a time helping with supplementary feedings from a bottle.

A visitor from Sweetwater at Lions Club was welcomed by members who found out that his trip here was to make up for Rotary Club. What the Lions wondered was why one attendance at Lions could not count as TWO 'make ups' for Rotary.

### Mrs. Richard Young Gives Program for Vaughan Circle

The Vaughan Circle, W.S. C.S. of the First Methodist Church, met in the home of Mrs. Earl Brown at 10 a.m. Tuesday.

Mrs. Jack Vaughan presided and opened the meeting with prayer. Nineteen visits to shut-ins were reported.

Mrs. Richard Young presented the program on "Prayer and the Life Within" and gave the closing prayer.

Refreshments of cake and coffee were served to nine members.

The next meeting will be held in the home of Mrs. L. C. Bonds.

### FHA to Welcome Freshmen Girls With Party Friday

The Future Homemakers of America of Hamlin High School will welcome the freshmen girls at a backyard party Friday at 5:30 p.m. at the home of Jane Ferguson, daughter of Mr. and Mrs. John Ferguson.

The entertainment will be put on by the Freshmen girls. The food will be furnished by the sophomore, junior and senior members who will bring a sack lunch for themselves and one more person.

All girls who own a ukelele are being asked to bring it with them.

Mrs. Clifford Reynolds Jr. and daughter, Carolyn, and her mother, Mrs. D. W. Stell, visited in the home of Mr. and Mrs. L. D. Stell, Kathleen, Sharon and Dennis in Hobbs, N. Mex. Wednesday and Thursday.

## Who put the WATER in the MELON?

When there's plenty of rainfall . . . nature puts the water in the melon. But when the dry years come, the Midwest Electric Cooperative shares this honor . . . with water for irrigation pumped with electric power.

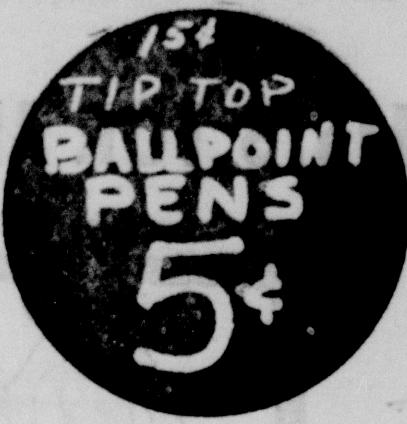

Over the state the crops may vary . . . but the ubiquitous watermelon is likely to be found most anywhere, hunting water. In areas served by the member-owned Midwest Electric Cooperative, when nature fails to deliver the rain, electricity takes over, pumping the water for irrigation.

The tender, juicy watermelon, while not the most important, must be the most delicious contribution made by the Midwest Electric Cooperative, Helping Texas Grow.

\$14.9 Millien In Crude Oil, Natural Gas Produced In Jones County A Year; Ranks 73rd In State

Jones County's producers and royalty owners are marketing some \$14.9 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil and Gas Association this week.

Ranking 73rd among Texas' oil and gas producing counties, Jones County in 1963 received some \$14.4 million from wellhead sales of oil and an estimated \$503,000 from natural gas. County production of oil was approximately 4.8 million barrels; natural gas, 4 billion cubic feet.

Farmers, ranchers and other mineral owners share in a \$1.9 million distribution of oil and gas royalty payments annually.

The Association based its annual study of this country's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income; \$2.9 billion from oil, \$730 million from gas.

Data from the Texas Employment Commission indicate direct employment in oil and gas industry jobs for more than 275 Jones County citizens with a payroll of approximately \$1.3 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this

Safety Group Issues Bulletin On How to Get Killed In Traffic

Austin...A special bulletin on how to get killed in holiday traffic was issued today by the Texas Safety Association.

The bulletin, "How to Do It Yourself...in Holiday Traffic," is a reversal of the safety group's usual stern warnings to drive cautiously when traveling on the state's streets and highways during the holiday weekend.

The revolutionary bulletin is not intended as a psychological approach to curbing traffic accidents, according to J. O. Musick, TSA General Manager.

"It's simply a special 'how-to-do-it' bulletin, as the name suggests," he explained.

"It is for those drivers who feel they have a built-in personal immunity to accidents and therefore can disregard any or all warnings about safe driving on holidays."

The bulletin is based on the five major driver errors involved in fatal traffic accidents in Texas last year over the Labor Day holiday weekend.

Topping the list of driver errors is 1) failure to yield the right of way.

"This is a 'sure-fire' killer," the safety director commented. "All a driver has to do is throw caution and courtesy out the window."

For the past three years the Association has stressed the necessity of being cautious and displaying courtesy while driving in holiday traffic.

The other four fatal driver errors cited in the bulletin, in order of importance, are 2) driving at a speed excessive for existing conditions; 3) driving faster than posted

speed limits; 4) driving while intoxicated and 5) driving on the wrong side of the road.

Does the new bulletin mean the Association has given up trying to get Texas' five million drivers to put safety "first" during holidays?

Musick says not.

"The usual safe driving tips will be released for those who sincerely try to stay alive," he said.

But, for those who don't... well, here's "how-to-do-it."

Austin...As absentee voting gets under way for the September 7 election on the proposed constitutional amendment to increase size of the Texas Senate from 31 to 39 members, battle lines are drawn.

State AFL-CIO is leading the opposition. It charges that the proposal is a "pig in a poke" offering no guides as to where the new districts will go.

"Committee for Fair Representation," contends that Texans would get "proper representation without jeopardizing the interests of sparsely-settled areas" by adding eight new members to the Senate.

Lobby groups acknowledge they favor the plan because increased membership would cut down a senator's work load somewhat and make it easier to communicate with him.

The enlargement amendment, which triggered one of the 59th Legislature's most bruising battles, was intended to take some of the sting out of legislative redistricting by making it possible for most incumbent senators to keep their jobs.

Big city forces are divided, while most rural interests tend to favor a 39-member Senate.

Whether either campaign affects the expected light voter turnout remains to be seen. Most predictions are that the amendment will fail.

Crime News Study... First three members of the Legislature's 11-member "Interim Committee To Study News Media on Proceedings in Criminal and Civil Courts" have been named by Lt. Gov. Preston Smith.

They are Sen. Dorsey Hardeman of San Angelo, Culp Krueger of El Campo and Bruce Reagan of Corpus Christi. Yet to be named are three members from the House of Representatives, three from the news media

and two from the State Bar of Texas.

Panel resulted from controversy over deletion of a provision from the new Code of Criminal Procedure which would have several restricted pre-trial news coverage. New code takes effect January 1.

Study committee was authorized to take a sharp look at existing coverage.

AG Rules...In requested opinions, Atty. Gen. Waggoner Carr has held that:

Texas Western College cannot use money appropriated by Legislature for tuition scholarship to aid students living in Juarez, Mexico.

Sections of a new act instituting jury wheel system in Young, Titus and Kerr counties are unconstitutional "local and special laws."

El Paso County commissioners have no authority to grant an easement across Ascarate Park for an underground gas pipeline.

A city, after annexing an area including a county road, does not need permission of county to abandon and close such road or street.

Appointments... Gov. John Connally has announced his first appointments in a series of several needed to get newly-designated agencies in gear.

His choices for the Texas Commission for Indian Affairs are Dempsey Henley of Liberty, W. R. Beaumier, publisher of the Lufkin Daily News, and Ed Easterling of Beaumont, former District Attorney of Jefferson County. As Mayor of Liberty, Henley worked with the Alabama-Coushatta Indians to help achieve their severance from the State Board of Hospitals and Special Schools and self-government under guidance by the Commission.

James B. Swann of Houston has been named new Texas Industrial Commission office of export expansion.

Rep. Will Smith of Beaumont is interim chairman of a committee to plan office construction for House members.

Oil Allowable Held... Texas Railroad Commission set September oil allowable at 28 percent of potential, same as the previous month.

Allowable amounts to more than 2,800,000 barrels a day, 41,000 less than for August. Commission emphasized this level would prepare industry for demands of peak winter months.

Mr. and Mrs. Neville Gene Stevenson are parents of a son, Randal Scott, born at 10:46 a.m. He weighed 9 lbs.

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

The Industrial Team selling a community to industry

When a community prepares itself to attract new industry, a strong industrial team is essential. Industry representatives want all the facts. And only informed team members can sell a community's story accurately plus solving the industry's problems on a new location.

Team members must be thoroughly and completely informed on labor... taxes... utilities... transportation... sites... insurance... city commitments... and financing... thus indicating a minimum of seven members on the team.

As a PATTERN FOR PROGRESS a permanent Industrial Team is a definite requirement in a community's economic development program.

WTU's area development representatives have information about the organization and operation of an industrial team. This service is available to growth-conscious communities on request through your local WTU manager.

## B TEAM, FROSH TILTS TONIGHT—

# Pipers Journey To Clyde Friday

The Pied Pipers will travel to Clyde Friday night for their first encounter with an outside opponent. They will scrimmage with Clyde at 7:30, according to Joe Youngblood, Piper coach.

Two scrimmages will be held tonight (Thursday) at Piper Stadium. The B Team, coached by Dan Truelove, will

scrimmage the Loraine varsity at 6:30 and the Freshmen, coached by Earnie Reusch, will play a practice game with the Stamford Frosh at about 8 p.m.

Youngblood told the Lions Club Tuesday that the coaches plan to carry 22 boys to the Clyde scrimmage and the balance will be used in the B Team encounter.

The Freshmen have 23 boys that will take part in their scrimmage tonight.

Youngblood told the Lions that they still have not settled on their starting unit but have about 22 boys that seem to be about equal in ability.

He said that this balance of power and ability has aided the workouts tremendously in that neither the offense nor the defense is able to overpower the other unit.

Following scrimmage Friday night the Pipers will have one week to get ready for their first non-conference game with neighboring Rotan there at 8 p.m.

The B Team will open their season with Colorado City Thursday, Sept. 9, and the Freshmen will open there the same night.

## Booster Club To Meet Monday

The Pied Piper Booster Club will hold its first regular meeting of the new football season Monday night at 7:30 in the high school cafeteria, according to Sam Ferguson, president.

A scouting report on the Rotan Yellowhammers will be given by the Piper coaching staff and a film of the Hamlin-Clyde scrimmage will be shown.

Ferguson urged that all members and prospective members attend this first meeting.

## Tech Student Observing Local Homemaking Dept.

Celeste Craig, senior at Texas Tech, came Monday for two weeks apprentice teaching in the homemaking department of Hamlin High School in preparation for student teaching in November.

She is working with Mrs. Camille Simmons this week as the homemaking girls complete their summer project reports and as Mrs. Simmons and Mrs. John D. Ferguson prepare for the first semester which starts Monday. Next week will be spent observing in the various classes.

The local department was approved by the Texas Education Agency for this phase of Miss Craig's work.

She is the daughter of Mr. and Mrs. Roy M. Craig of Stamford and is president of Texas Home Economics College Chapter Section of American Home Economics Association.

She is staying with her brother, Bob Craig, and family.

## Former Resident, Mrs. Birt G. Deel, Dies In Fort Worth

Mrs. Birt G. Deel, 70, of Fort Worth, a former Hamlin resident, died August 15 in a hospital there after a long illness. Funeral services were held Monday, August 16, in Sweetwater in West Side Baptist Church.

Officiating were Rev. Neal Shepherd, pastor, and Rev. Benny King, pastor of Longworth Baptist Church.

Mrs. Deel, the former Jewell Robbins, was a pioneer of Hamlin, moving here with her parents in 1906 at the age of 11. She was valedictorian of the class of 1913 at Hamlin High School and received the White Award, given to highest ranking student. She joined the Baptist church in her youth.

She spent 15 years teaching in schools in Jones, Fisher and Nolan Counties and was employed Leonard's Dept. Store in Fort Worth for nine years.

Survivors include her husband of Fort Worth; one daughter, Mrs. W. J. (La Veyne) Bryan of Archer City; three sisters, Mrs. R. L. (Pearl) Pittman of Sweetwater; Mrs. B. R. (Ruby) Neel of Roscoe; Mrs. C. O. (Garnet) Grison of Odessa; three brothers, Shirley Robbins of Burnet, Jay W. of Liberty and Oliver of San Antonio; five grandchildren and six great grandchildren.

## C. M. Woods, 63, Dies At Home Wed.; Rites Today

C. M. Woods, 63, pioneer resident of McCaulley, died at 3 a.m. Wednesday at his home on Route 1.

Services will be held at 10 a.m. Thursday (today) in the McCaulley Baptist Church with Rev. Gary Clark, pastor, and former pastor Rev. Edwin Peoples of Troy officiating.

Born Dec. 29, 1901, in Alabama, he was married to the former Rosa Lee Rauhut at Stephenville Dec. 29, 1944.

He was a farmer and had lived near McCaulley for 61 years.

He was a member of the Baptist Church.

Burial will be in McCaulley Cemetery.

Survivors include one brother, J. W. of McCaulley, one niece and two nephews.

Pallbearers will be Fred Kemp, Frank Kemp, Ernest Webb, Jerry Crowley, N. D. Miers and Virgil Steele.

## Rev. Cecil Stowe Accepts Pastorship Of Dumas Church

Rev. Cecil Stowe, pastor of the Church of the Nazarene for more than five years, has resigned to accept the pastorship of the church in Dumas.

Rev. Stowe came to Hamlin from Post and has pastored churches in the Abilene District for 21 years.

His resignation is effective Sept. 5. He expressed his thanks for every consideration on the part of the Hamlin people.

The local church will meet in a called meeting next Sunday morning to vote on a pastor.

# 264 Register for HHS; School to Open Monday

By noon Wednesday 264 high school students had been registered according to the principal, B. V. Newberry.

Tuesday 252 students who had pre-enrolled in the spring had reported to the school for locker assignment, books and schedules. Of this group, 78 were freshmen, 63 sophomores, 61 juniors and 50 seniors.

Wednesday registrants were

those who had not attended Hamlin schools before.

Scheduling was speeded up this year as the Royal MacBee schedule system was used for the first time. The punched forms enabled the staff to avoid conflicts in scheduling and distribute the students in the various classes more readily and evenly.

Principal Newberry was able to do much of the groundwork for the plan before the students started reporting and therefore is about two weeks ahead of usual in having the classes set up.

He said that the plan will be of greater benefit next year as it will be used in the

spring pre-enrollment. It is designed for use in the planning of the four years of high school and a choice of three graduation plans can be chosen by the student according to his plans after graduation.

Students in Hamlin Junior High started registration Wednesday with the sixth grade. Seventh graders register Thursday (today) and eighth graders, Friday.

Classes will begin at 8:30 a.m. Monday.

Sept. 6 has been designated as a school holiday.

## Letters to Exes To Be Mailed Soon

Letters concerning the ninth annual Homecoming will be mailed between Sept. 1 and Sept. 15 to all former students and teachers of Hamlin Public Schools, according to Mrs. Joe Wayne Carter and Mrs. Hopie Blanton.

Everyone who receives a letter is being urged to read it carefully and return it within the time indicated.

Each recipient is asked to vote for an ex-student nominee when they return their registration of \$1.

## Trap Shoot Set Here Sunday

The Hamlin Jaycees will hold a Trap Shoot Sunday afternoon at the Hamlin Airport, according to Dan Truelove, project chairman. Truelove said that this will be a good opportunity for local dove hunters to get ready for the season that will open Wednesday.

Shooters may bring their own guns and shells or may obtain them at the meet.

There will be a winner in each match with matches for beginners, ladies and open divisions.

## Texas Research League to Study Governmental Units In County

The workings of municipalities, school districts and of Jones County as a whole will be reviewed by a team from the Texas Research League, it was learned this week from County Judge Leon Thurman.

The study is to be made at the request of Gov. John Connally as part of an effort to determine laws under which these governmental units operate.

In a letter from the governor, it is pointed out that such

## Sister-In-Law Dies

Mrs. C. B. Stone received word of the death of her sister-in-law, Mrs. E. C. McWright of Biscoe, N. C., Sunday. Mrs. McWright, a former resident of Hamlin had been ill for over a year.

Survivors include a daughter, Mrs. Darrell Johnson of Iowa Park and a son, Lawrence McWright who is in the Coast Guard. Her husband, Mrs. Stone's brother, died in 1945.

Cadet Jimmy Inzer, first classman at New Mexico Military Institute, Roswell, N. Mex., will leave Sunday to resume studies there this fall.

study will be made in all metropolitan areas of the state. In part, the letter said:

"I am writing to call to your attention the fact that on April 26 I requested the Texas Research League to undertake a study of the service structures of the local governmental units comprising the metropolitan areas of Texas, and of the laws under which they are established and administered. Shortly thereafter the Research League formally accepted this request, and its staff is now in the planning stages of this study.

"Your county, of course, is one of the 34 counties which are included in the Standard Metropolitan Statistical Areas as defined and enumerated by the U. S. Bureau of the Census. Accordingly, your county and the municipalities, school districts and special districts encompassed by it will be included in the scope of the League's study. I request that you cooperate in every way possible with the Research League in making this study, which I consider to be of the utmost importance to the people of Texas."

Copies of the report as made by the League will be made available to the various units of government.

**TAKES TOP HONORS AT FISHER COUNTY FAIR**—Randy George, Hamlin Future Farmer of America member, received top honors in the swine division last Saturday. He won second in junior gilt class, first in senior gilt class and first in junior boar class. His first

place senior gilt, above a Duroc, was later named grand champion breeding female. His boar was the reserve champion breeding male of the show. Randy feeds under the supervision of T. C. Blankinship and Milburn Wink, local vocational agriculture teachers.

### Clayton Urges Soil Tests be Run Now

Farmers who anticipate fertilizing small grains should have a soil test run now, says Kirby Clayton, Jones County Farm Agent. Fertilizers which have been put under the ground at planting time have generally paid more per dollar invested, says Clayton, than those used as a top dress in February.

A soil test will save you money, says Clayton, and will keep down the amount or risk involved in the application of fertilizer. Records kept in Jones County indicate that fertilizers which were incorporated into the soil at or just before planting time gave a greater return than those used as a top dress.

Application blanks and mailing instructions are all available at the County Agent's

Office and may be had for the asking, says Clayton.

Mrs. Camille Simmons, Gloria and Judy Jenkins, and Mrs. Simmons' niece, Judy Smyers of Dallas, spent a two week vacation in Mexico City the first part of August. They went by train to Mexico City.

Mrs. L. E. Prewitt has been hired by Rotan Public Schools and will teach science in high school this year.

**ENJOYING THE FOOD**—Hamlin schools superintendent C. F. Cook and Othel Sipe enjoy the food at the Booster Club Barbecue Saturday evening. The free meal was arranged by the Booster Club through donations by local businessmen.

Oscar DePriest enrollment hit 187, more expected.  
Ann Richey vies for West Texas Fair Sweetheart crown.

# FAIRVIEW NEWS

By Mrs. Elmer Joiner  
No weather news this week, just a few showers, not so hot, but the little showers are helping the cotton to hold up and fruit up. Right now it is just a guess if the cotton will or won't, a good soaking rain could do wonders, but will we get it in time? That is always the question.

The nominating committee met last Tuesday night to nominate the new officers for the church, this coming year. Saying new officers is almost a joke, for with our small membership every one has an office, and there isn't much changing, we just have to go through the formality each year.

Being gone from home over the weekend I failed to get much news, but Mrs. Henry was kind enough to send hers and they really had lots of company. Monday of last week their son, Mr. and Mrs. W. C. Henry and Jo, came from Elgin, for a few days. They were accompanied by their daughter, Mrs. Mack Sansings, Kathy and Lorrie, from Higgins. Friday night Mr. and Mrs. Warren Henry accompanied by Mr. Mary Sue Henry, of Rule, were visitors. Saturday night visitors were Mr. Henry's sister, Mr. and Mrs. H. L. Matheny, from Andrews, Mrs. Mary Sue Henry, Rule, and her daughter, Ann Henry, of Lubbock, Saturday, Mr. and Mrs. Clois Henry and family, came from San Angelo and spent the day. Sunday night Mr. and Mrs. Henry came to church, tired but very happy.

Mrs. Woodrow Goodwin and Linda, Mrs. Elmer Joiner went to Carlsbad New Mexico, Saturday and returned Monday, visiting with their sister, Mr. and Mrs. Elmer Smith and brother, Mr. and Mrs. Tom Dixon, all of that city. Had a nice trip, except tire trouble on the way out, and if you have never seen three women folk trying to manipulate a bumper jack you have missed something. Since it was only the rubber coming off, not flat, we managed to limp into town some twenty miles or more, and had it changed, taking some lessons in working the jack also, but didn't have occasion to use it again.

Mr. and Mrs. Winslow Gray and Woodrow Goodwin, were Sunday night guests of the Flavil Holmes, after church services.

Mr. and Mrs. Roy Taylor, of Muleshoe, were Monday afternoon visitors of the Elmer Joiners, enroute to their cabin

at Breckenridge, for a few days. Mrs. Taylor is convalescing from a heart attack, which she suffered on Mother's Day while at the cabin. They also reported the water being over a man's head in the creek, behind their cabin, which is built south of the highway, but is still not high enough to float the boat dock. Maybe with next spring's rains the lake will fill up, making it such a nice place for these that had the optimism to back off in a pasture, on a creek, and build cabins, long before there was any water in sight. By the way, we were given a key to the Taylor's cabin, so it is almost like having one yourself.

It was reported over the Abilene news yesterday, that Mr. Jonathan Wilson had collapsed, while at work waxing a floor at McMurry, and in falling had cut a gash in his head. No further word has been received but the six o'clock news reported his condition not to be serious. Mr. Wilson and his late wife were former residents of our community.

Mr. Fuqua, Mrs. H. L. Ford's father, has been visiting and is in church with them Sunday.

Mrs. Willard Maberry, music teacher for the first eight grades, took an advanced course in choral conducting at Abilene Christian College this summer. The course was under the direction of Mr. Richard Fulton, director of the A Cappella choir at A. C. C.

## Bids Let on Two County FM Roads

Four bids were received by the Texas Highway Department in Austin on August 18, 1965 for 11.7 miles of construction work on two projects in Jones County. M. E. Ruby, Jr., Inc., of Austin, Texas was the low bidder with \$202,326.34.

The construction work will consist of grading, structures, base and surfacing. The project on F. M. Highway 2746 is 3.6 miles in length and begins at the intersection of F. M. 126, approximately sixty miles south of Hamlin and extends north-east to the present pavement of F. M. 2746, approximately twelve miles south west of Anson.

The project on F. M. Highway 2834 is 8.1 miles in length and begins at F. M. 1661, approximately two miles north of Tuxedo and extends to U. S. Highway 277 in Stamford.

Work is expected to begin in September and is to be completed in 120 working days, under the supervision of Nelson Shave, Sr. Resident Engineer, of Hamlin.

Only two bridges connect Venice with the mainland of Italy.

## Nosey Neighbor . . .

By BARBARA CRAIG  
While going through back issues of the Hamlin Herald, preparing Years Ago for this week, this account from the August 27, 1915 issue caught my eye.

"GALVESTON SAFE PLACE TO LIVE" — FERGUSON  
Houston, Texas, Aug. 19 — Governor Ferguson, who is here to view the flood situation, said: "Galveston has proven that it is the safest place along the coast in which to live, and it is as safe as any city in the country."

"This spring at Austin we lost more lives in a rise in the Colorado River than were lost at Galveston in this storm, yet no one would say that Austin is an unsafe place in which to live."

"The other day at Erie, Pa., more lives were lost in a river overflow than were lost this week in Galveston. The comparison might be extended indefinitely. Any Kansas cyclone kills more people than this terrific storm killed at Galveston, yet no one regards Kansas as a dangerous place in which to live."

"If the people of this country will stop and think for just a moment they will realize that Galveston has proven her safety and the press of the country can do a greater service by calling attention to this fact."

Then Tuesday evening while visiting with our overnight guests, my aunt and uncle, Rev. and Mrs. Charles Tucker, who live in Galveston, they told us of the increased building that was going on there. In fifty years Galveston has indeed proven itself to be as safe as anywhere to live and is also a very popular vacation spot.

We recieved a card from Carol Joe Simpson Wednesday morning. She writes, "We're having a terrific time — we'll come home financially "busted." This place is a beautiful paradise."

Carol Joe, Mrs. Watts Fletcher and Mrs. Earl Herbst left last Friday afternoon for Midland where they boarded a plane for their 10 day trip to Hawaii.

It sounds like they are really enjoying their trip.

The barbecue Saturday night honoring the coaches and members of the Pied Piper football team was termed a huge success. Joe Youngblood, head coach, did a fine job of introducing everyone to the crowd of about 600—that is

he introduced everyone but his own wife, Ruth, and the two boys, Joey, 8, and Richard 6.

Mr. and Mrs. Wayne Hodnett have twin baby calves at their house and Kay and Billy are having a time helping with supplementary feedings from a bottle.

A visitor from Sweetwater at Lions Club was welcomed by members who found out that his trip here was to make up for Rotary Club. What the Lions wondered was why one attendance at Lions could not count as TWO "make ups" for Rotary.

## Mrs. Richard Young Gives Program for Vaughan Circle

The Vaughan Circle, W.S. C.S. of the First Methodist Church, met in the home of Mrs. Earl Brown at 10 a.m. Tuesday.

Mrs. Jack Vaughan presided and opened the meeting with prayer. Nineteen visits to shut-ins were reported.

Mrs. Richard Young presented the program on "Prayer and the Life Within" and gave the closing prayer.

Refreshments of cake and coffee were served to nine members.

The next meeting will be held in the home of Mrs. L. C. Bonds.

## FHA to Welcome Freshmen Girls With Party Friday

The Future Homemakers of America of Hamlin High School will welcome the freshmen girls at a backyard party Friday at 5:30 p.m. at the home of Jane Ferguson, daughter of Mr. and Mrs. John Ferguson.

The entertainment will be put on by the Freshmen girls. The food will be furnished by the sophomore, junior and senior members who will bring a sack lunch for themselves and one more person.

All girls who own a ukelele are being asked to bring it with them.

Mrs. Clifford Reynolds Jr. and daughter, Carolyn, and her mother, Mrs. D. W. Stell, visited in the home of Mr. and Mrs. L. D. Stell, Kathleen, Sharon and Dennis in Hobbs, N. Mex. Wednesday and Thursday.

## Who put the WATER in the MELON?

When there's plenty of rainfall . . . nature puts the water in the melon. But when the dry years come, the Midwest Electric Cooperative shares this honor . . . with water for irrigation pumped with electric power.

Over the state the crops may vary . . . but the ubiquitous watermelon is likely to be found most anywhere, hunting water. In areas served by the member-owned Midwest Electric Cooperative, when nature fails to deliver the rain, electricity takes over, pumping the water for irrigation.

The tender, juicy watermelon, while not the most important, must be the most delicious contribution made by the Midwest Electric Cooperative, Helping Texas Grow.

by Mrs. R. M. Babb

We have had good rains here in town but some of the farmers say they don't have near enough, so I guess we need more.

Mrs. John Edwards had visiting in her home this week her daughter-in-law, Mrs. W. C. Edwards of West Columbia, Tex. and granddaughter, Mrs. Shirley Bacak of Houston.

Visiting in the Carrol Green home on Sunday were: Mrs. Green's sister from Ft. Worth and her mother and father and little sister of Odessa.

Mr. and Mrs. Med Herron spent the week end in Shallowater with Roy's family. Roy's wife is doing fine since she had surgery.

Mrs. Robert Reed spent several days in Hamlin hospital but is doing fine now.

Best wishes to Pam and William Stevens in their first wedding anniversary.

Mr. and Mrs. Woodford Pursley had their three grandchildren of Big Spring for the weekend. Lorena is feeling better, she has an inner ear infection.

Mr. and Mrs. Alton Clem of Andrews spent the weekend in the Richard Kelly home.

Mr. and Mrs. Jimmy Purvis and children and Kay have been in the Woodrow Lawlis home this past week. They are from Euless.

Mrs. Ezell Whitten of Hamlin spent a few days her sister, May Hurst and attended the revival at the Baptist Church.

Roy Roquemore reports a good visit with his daughter and family in Colorado.

Happy Birthday to Homer, Clyde, and Ronnie Pursley and Ruth Brown!

W. B. Brown rode the train to Houston Friday night and drove the car back for Mr. Woodson, Mrs. Brown's father.

Mr. Woodson's home was formerly in Rotan before he went to Houston.

Marie Hurd and her son and daughter of Sweetwater visited in the R. T. Jones home on Sunday.

We appreciate the Methodist people attending the morning services on Sunday during the Baptist Revival and all our other visitors at all the other services.

The crew has begun work at the gin and it may not be too long before they will have some cotton to gin.

Mr. and Mrs. Bobby Cornell and family of Pampa visited in the R. M. Babb home Saturday.

\$14.9 Million In Crude Oil, Natural Gas Produced In Jones County A Year; Ranks 73rd In State

Jones County's producers and royalty owners are marketing some \$14.9 million in crude oil and natural gas a year, according to statistics released by Texas Mid-Continent Oil and Gas Association this week.

Ranking 73rd among Texas oil and gas producing counties, Jones County in 1963 received some \$14.4 million from wellhead sales of oil and an estimated \$503,000 from natural gas. County production of oil was approximately 4.8 million barrels; natural gas, 4 billion cubic feet.

Farmers, ranchers and other mineral owners share in a \$1.9 million distribution of oil and gas royalty payments annually.

The Association based its annual study of this country's oil and gas output on statistics compiled by the U. S. Bureau of Mines for 1963. Production data for 1964 would be approximately the same.

Statewide, Texas oil and gas wells produced an estimated \$3.6 billion in income: \$2.9 billion from oil, \$730 million from gas.

Data from the Texas Employment Commission indicate direct employment in oil and gas industry jobs for more than 275 Jones County citizens with a payroll of approximately \$1.3 million a year. Because oil operations require such a large number of service contractors and supply firms, which are not included in this

Safety Group Issues Bulletin On How to Get Killed In Traffic

Austin...A special bulletin on how to get killed in holiday traffic was issued today by the Texas Safety Association.

The bulletin, "How to Do It Yourself...In Holiday Traffic," is a reversal of the safety group's usual stern warnings to drive cautiously when traveling on the state's streets and highways during the holiday weekend.

The revolutionary bulletin is not intended as a psychological approach to curbing traffic accidents, according to J. O. Musick, TSA General Manager.

"It's simply a special 'how-to-do-it' bulletin, as the name suggests," he explained.

"It is for those drivers who feel they have a built-in personal immunity to accidents and therefore can disregard any or all warnings about safe driving on holidays."

The bulletin is based on the five major driver errors involved in fatal traffic accidents in Texas last year over the Labor Day holiday weekend.

Topping the list of driver errors is 1) failure to yield the right of way.

"This is a 'sure-fire' killer," the safety director commented. "All a driver has to do is throw caution and courtesy out the window."

For the past three years the Association has stressed the necessity of being cautious and displaying courtesy while driving in holiday traffic.

The other four fatal driver errors cited in the bulletin, in order of importance, are 2) driving at a speed excessive for existing conditions, 3) driving faster than posted

speed limits; 4) driving while intoxicated and 5) driving on the wrong side of the road.

Does the new bulletin mean the Association has given up trying to get Texas' five million drivers to put safety "first" during holidays?

Musick says not.

"The usual safe driving tips will be released for those who sincerely try to stay alive," he said.

But, for those who don't... well, here's "how-to-do-it."

**Highlights AND Sidelights**

by Vern Sanford

TEXAS PRESS ASSOCIATION

Austin...As absentee voting gets under way for the September 7 election on the proposed constitutional amendment to increase size of the Texas Senate from 31 to 39 members, battle lines are drawn.

State AFL-CIO is leading the opposition. It charges that the proposal is a "pig in a poke" offering no guides as to where the new districts will go.

"Committee for Fair Representation," contends that Texans would get "proper representation without jeopardizing the interests of sparsely-settled areas" by adding eight new members to the Senate.

Lobby groups acknowledge they favor the plan because increased membership would cut down a senator's work load somewhat and make it easier to communicate with him.

The enlargement amendment, which triggered one of the 59th Legislature's most bruising battles, was intended to take some of the sting out of legislative redistricting by making it possible for most incumbent senators to keep their jobs.

Big city forces are divided, while most rural interests tend to favor a 39-member Senate.

Whether either campaign affects the expected light voter turnout remains to be seen. Most predictions are that the amendment will fail.

Crime News Study... First three members of the Legislature's 11-member "Interim Committee To Study News Media on Proceedings in Criminal and or Civil Courts" have been named by Lt. Gov. Preston Smith.

They are Sen. Dorsey Hardeman of San Angelo, Culp Krueger of El Campo and Bruce Reagan of Corpus Christi. Yet to be named are three members from the House of Representatives, three from the news media

TV Showing of Drivers' Test Set For Re-Run Mon.

Austin...Texas drivers will have an opportunity to test their driving skills before driving in the heavy Labor Day holiday traffic.

On Monday, August 30, the National Drivers' Test, which was originally broadcast nationwide just before Memorial Day, will be presented again on CBS Television. On most Texas stations the broadcast is scheduled between 9 and 10 p.m.

figure, direct employment figures are only part of the story of local economic impact.

An important indicator of activity is the amount expended on drilling of wildcat wells seeking new fields and those wells drilled to develop fields already located. The Association estimates that in 1964 approximately \$2 million was risked by Texas oil and gas operators on drilling ventures in Jones County. About 59.2 percent of this expenditure, or \$1.2 million, went into dry holes.

A tabulation by the Oil and Gas Journal shows 98 wells were drilled in the county in 1964: 34 oil, 58 dry holes, and 6 service wells. A total of 259,000 feet of hole where drilled. 152,000 for development wells and 107,000 for wildcats.

In addition to local school and county property taxes by oil and gas operators, taxes on production from Jones County flowed into the State Treasury at the rate of about \$697,000 a year.

An upgrading of the county's gross economic output is contributed by the operation of a plant which can process some 20 million cubic feet of natural gas a day to remove liquids such as butane and propane. The one refinery in the county has a capacity of approximately 3,000 barrels of crude a day.

Mrs. Leldon Clifton and sons, Leldon Lewis and Jim, and her mother, Mrs. Allie T. Rector, attended the Rector reunion at Brownwood State Park Friday and Saturday.

Mr. and Mrs. A. H. Millsap visited their daughter and family, Mr. and Mrs. Tom Cammack, Tommy, Jan and Marie in Hobbs, N. Mex. Wednesday and Thursday.

Mr. and Mrs. T. H. Mason vacationed in Highland, Calif., the first part of August visiting with her brother and family, Mr. and Mrs. J. B. Flanary, and her sister and family, Mr. and Mrs. S. L. Melton. A family reunion picnic was held at Peris Hill Park in San Bernardino. They also toured Hollywood and saw a cinerama movie at the Warner Ritz Theater and visited Farmers

Mart. Their vacation also included a tour of Disneyland.

Jonel Edwards, daughter of Mr. and Mrs. John Edwards of Locq Hills, N. Mex., is visiting her grandparents, Mr. and Mrs. Earl Johnson, and her aunts, Mrs. Joe Ford and Mrs. Don J. Allen.

**PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT**

**The Industrial Team selling a community to industry**

**WTU area development representatives are available to assist growth-conscious communities in planning economic development programs**

When a community prepares itself to attract new industry, a strong industrial team is essential. Industry representatives want all the facts. And only informed team members can sell a community's story accurately plus solving the industry's problems on a new location.

Team members must be thoroughly and completely informed on labor... taxes... utilities... transportation... sites... insurance... city commitments... and financing... thus indicating a minimum of seven members on the team.

As a PATTERN FOR PROGRESS a permanent Industrial Team is a definite requirement in a community's economic development program.

WTU's area development representatives have information about the organization and operation of an industrial team. This service is available to growth-conscious communities on request through your local WTU manager.
